Welcome

I would like to welcome everyone to my first *Law of Attraction* (LOA) update in an official newsletter format. Thanks to the talent and computer abilities of my husband, Mike, we are now able deliver LOA news "in style." It has been a while since I have emailed a LOA update, so I have a lot of good news to share. Also, each newsletter will be saved on my website so you may refer again to information and articles you enjoyed.

In addition, there will always be a section where you can share your LOA manifestations, affirmations that worked for you, poems, and favorite quotes, etc. So, please email me with your personal LOA news. If you desire, I will be happy to include your website links with any of your positive manifestations and affirmations. If wish to remain anonymous, that is fine too. I will also be glad to answer any LOA questions you wish to have published in an "Ask Connie" section. I would like for you to feel this newsletter is yours and reflects your interests and input.

I am continuously learning more and more about the LOA process and how this social and spiritual law works. Most often I learn new information from you, my students, readers and workshop participants. Someone is always emailing me saying, "You just won't believe what happened when I tried your techniques." Then, they describe something they discovered that blows my mind. As this new information comes in, I will share it with you.

Please feel free to forward the newsletter to your family and friends. The material is copyrighted, so all I ask is that your forward it in its entirety to keep the copyright information intact.

Change Your Life – Change the World

The Power of Personal Forgiveness

By Connie Domino, MPH, RN

Have you made your New Year's resolutions? Did you write them in the form of a LOA affirmation? I hope so because I want 2006 "to rock," and to be your biggest and best year ever. I am excited to say my 2006 affirmations are "big," already manifesting, and it's only February. This year, I decided to develop a super large LOA goal. I've always been the rebellious type, so the thought of starting a revolution appealed to me. All the passion, the excitement, the energy movement a true uprising could bring really motivated me to action. "What type?" This was the question on my mind. I am a history buff and knew the word "revolution" hasn't always had the most positive connotation. Many revolts down through history, at some point became "ugly" -- shall we say. So, I turned to my good friend, the Merriam Webster Dictionary, to assist me in deciphering this dilemma. Merriam says that a revolution is "a fundamental change in the way of thinking about or visualizing something: a change in paradigm." I liked this definition. All of a sudden, it occurred to me that an upheaval doesn't have to be difficult, negative, or brutal. I realized that it is high time large groups of people experience a "positive revolution."

I now had only to decide the subject of the revolution. I wanted something people really needed; something important; something peaceful that people could approach with passion; something that could help them meet their life's dreams and goals fast; something that could positively change lives profoundly, quickly, and forever. There was one, and only one, strategy I teach that met this description and that is "forgiveness." I knew from all the success stories and case studies pouring in that forgiveness moves energy faster than any other of my tools. When the specific technique I teach is enacted sincerely, positive results generally happen "out of the blue" within a week or less, and often seem miraculous.

Therefore, in 2006, I affirm the beginning of a Revolution, but not just any old Revolution -- *A Revolution in Forgiveness*. The ideas, principles and guidelines I present in my book *Develop Irresistible Attraction*, and will present in my upcoming, new book, *Join the Forgiveness Revolution* (anecdotally proven by hundreds of case studies) are definitely a paradigm shift.

Stephen Covey in *The Seven Habits of Highly Effective People* (Simon and Schuster) describes a paradigm as, "the way we see the world—not in terms of our visual sense of sight, but in terms of perceiving, understanding, and interpreting." The shift I'm describing is so powerful, so unprecedented on a large scale, it will completely change the way you and many others may "see, understand and interpret" forgiveness, and its ability to assist you to meet your dreams and goals -- fast.

The forgiveness technique I teach allows for the release and movement of energy, without the need for batteries, bells, buttons, boxes, or buzzers. Therefore, it can be described as a type of cutting edge "social or spiritual technology." It is voice or thought activated by you, through your sincerity, intention, will and action. You are about to be introduced to "the ripple or domino effect" since this energy travels in waves.

This means even though just one person – you can make a huge impact on others, including your family, network, community, and “yes,” even the world through activating the enormous untapped power found in this technique.

Once you’ve witnessed the tremendous transformation forgiveness can bring to your own life, you can teach others. PM has been working with the forgiveness technique with such remarkable results, she decided to teach a neighbor. On February 01, 2006, she sent me an email that said:

Hi Connie:

I wrote my neighbor's forgiveness affirmation for her. I told her it works for you and is about you, not the person who hurt you. She had gotten a bad settlement from her ex-husband and had been struggling with money for years. She wrote him a letter and told him it was unfair and how she has been struggling, etc. After she used your Forgiveness Technique (pgs. 87 - 93 in your book), her ex-husband called her "out of blue" and bought a house for her. The reason your technique is so mind blowing and amazing is that their divorce was 11 years ago. It was not until she said her forgiveness affirmation that he stepped up to the plate. The house goes to the grandchildren when she dies. I'm telling you, "That is big energy moving there." Your forgiveness technique works!!!! Thanks for sharing these major life-changing tools!!!!

*Gratefully yours,
P.M.*

After working on forgiveness using the specific technique I teach, some participants received money and/or other valuables from people or sources they hadn’t heard from in years. For those in business, results included more customers, profits and general prosperity. Relationships improved, sometimes dramatically, and some severely broken relationships were healed. Participants said that individuals they had forgiven in the *privacy of their own home* would call, email, or send them a check right “out of the blue.” The stories kept coming as more and more people discovered the positive benefits of forgiveness. This is just one of many testimonials I have heard from LOA students, readers and workshop participants; see my website for more: www.conniedomino.com.

Today, I am extending your personal invitation to join the Forgiveness Revolution. It’s the hottest, most powerful movement happening in our world. It is taking place right here and right now, and you mustn’t miss a minute before becoming involved.

How Do You Join the Forgiveness Revolution??? **That’s Simple!!!!**

First, you make a “Decision” to do so, and then you do it.

Second, you read, and practice the principles of forgiveness and the technique found in *Develop Irresistible Attraction* (pgs. 87 - 93), the complementary forgiveness article on my website, my workshops, CDs and upcoming DVD (March 2006). Then, if you so choose, you invite others to do the same.

It is my highest aim to bring about a fundamental change in the way people have traditionally thought about, understood and practiced forgiveness. This change has enormous potential to lead to positive personal empowerment and successful results like the world has never seen. The Revolution is On!!!!

Membership in the Forgiveness Revolution

**Joining the Forgiveness Revolution is no ordinary membership.
This is a “Membership of the Heart.”**

By Connie Domino, MPH, RN

Mission: We have now met our positive goals and bettered our own lives, family, community, country and world through understanding and applying the social and spiritual technology of forgiveness.

We accept everyone – regardless of race, gender, age, spiritual, religious or political affiliation, etc. The business of forgiveness is equal opportunity; everyone is invited to join in.

We seek to enrich the lives of everyone who hears the call to forgive.

Each act of forgiveness will be begun by a personal decision in the heart of the one wishing to be free from the tyranny of anger, resentment and fear.

There is no membership hierarchy; for all are equal in their desire for healing and wholeness without boundaries or limitations.

Members shall recognize one another by the love in their heart, their desire for healing and wholeness and the outcome of their actions.

Each member shall seek to advance the Revolution of Forgiveness by actively practicing the *forgiveness technique*; and as they are ready, leading and teaching by example.

Members are joyful and on the journey to transcend doubt and fear – for their work is great and their witness prevails.

SEND US YOUR STORIES USING THE FORGIVENESS TECHNIQUE

I am currently writing my new book, *Join the Forgiveness Revolution*. I already have wonderful case studies from LOA students, workshop participants and readers who have received astonishing results using this technique. I would love to have even more testimonials. I understand many of the issues surrounding forgiveness are personal and sensitive; therefore, I change the names of those who send their stories to protect privacy. I will change your name unless you instruct me to do otherwise. You can submit your testimonials to: cdomino22@aol.com, or see additional contact information at the end of the newsletter. I will allow you to read and approve the story before it is published. Once you have approved the content, I will ask that you send an email giving me permission to publish it. Submitting your forgiveness experience is one small way you can help more people than you would have ever imagined.

Quote of the Quarter

“I am of the opinion that my life belongs to the whole community, and as long as I live, it is my privilege to do for it what I can Life is a sort of splendid torch which I have gotten hold of for a moment, and I want to make it burn as brightly as possible before passing it on to future generations.” – George Bernard Shaw

Updates from LOA Readers

Our featured LOA student, reader and workshop participant this month is Roberta Rouse-Wilson. After learning the LOA technique and invoking the *Law of Forgiveness*, Roberta teaches us that jobs are one of the easiest things to manifest.

Roberta had been actively looking for a job for an entire year before she attended the September 2005 LOA Workshop. Her dream job manifested on October 28, 2005, two days before her goal date of October 31, 2005.

Connie Connie Connie - guess what???????????

I got THE job..... I got THE job. I did exactly what you told me to do, but I did it this morning because I fell asleep last night before doing so. They are going to call me back today to tell me the exact the pay, however, she did say it was more than my last job. Mike and Andrew were in a meeting, therefore they all needed to meet about the salary. She also stated that I will probably start during the week because they have to get me a computer, phone, etc.

Now, what did I do after I heard the good news? I jumped up and down; I cried and thanked God, my angels, Michael, and the Universe, over and over, of course. And, then I went over to the temp. agency (because I had to tell them something today) that I have a job already. And on the way there, I yelled so loud in the car because I couldn't do that in my apartment. As they say "in the streets" - I am doing the "dog gone thing." I am so excited.

I want to say thank you for sharing the class, sharing your time, sharing your wisdom and being the person you are, because if you were negative in any way, you would have lost me. And see I love to talk NOW - therefore I can share to others about you and send business your way with my testimony. Now, I can get back to start taking spiritual classes and don't forget that for the future. You just don't know how I acted after talking to you last night when I got home. I was very hyped - so hyped I was dancing around, singing, etc. You have that kinda effect. You did that for me in class too after I left each week. Keep doing what you do because you do it so well. Thank you again Connie for taking your time consulting with me at night to help me make one of my dreams come true. Namaste, Roberta

NEED A GREAT SPEAKER/TRAINER? CONNIE'S "GOING ON THE ROAD." PLEASE SEE MY WEBSITE FOR DETAILS. SPEAKING TRIPS TO ARIZONA AND MICHIGAN ARE CURRENTLY IN THE PLANNING STAGE FOR 2006. I WOULD LOVE TO ADD YOUR STATE AND/OR ORGANIZATION TO THE LIST.

"A Very Good Example of the Specific type of LOA Goal Affirmation" I Teach Used by Roberta:

JOB

Thank you God that I have a career job:

- utilizing my relevant skills and life experiences
 - that is manifesting \$3000 or more per month or money's equivalent
 - with a mid-size to corporate size company
 - having excellent benefits
 - having 401K plan matching 4% or more
 - 2 weeks or more vacation including personal or sick days
 - time and energy outside of work
 - feeling secure, belonging, comfortable, appreciated
 - have an organized, open, fresh, soothing environment
 - working 8 to 5 or better hours
 - with positive, supportive, open-minded, responsible, honest, kind, caring, intelligent, sense of humor and charming staff and a boss of diversity
 - by October 31, 2005
- Thank you God
